Remember all the fun we
had in cheerleading. All
those goopy practices. Going

the fun we had cheer-
ing, our just basketball
and football. I hope cheerleading
was something special for
you!

Have fun and take
care this summer!

DEDICATION JOHN BELL

John Bell was born in 1910, in Morris, Illinois. His parents, the William Bell's, had quite a small family--1 son and 2 daughters. When John was very young the family moved to South St. Paul, where he spent his high school days.

When attending Hamlin College John met his wife, Roma Dean Sauter. After graduating in 1935, they were married in 1936 and had 3 children, John Richard, Julee, and Douglas. They now have 5 grandchildren, 3 boys and 2 girls.

Mr. Bell has been teaching in Windom schools for 39 years. He has been teaching classes such as: basketball, baseball, Junior High football, tennis, driver's training, music and social.

John Bell will be sorely missed by student and faculty.

TONY THOMPSON, PRESIDENT; LYNN MADSON, SECRETARY-TREASURER; JIM BOLIN, VICE-PRESIDENT.

We stand now at the threshold of uncertainty and decision making. The trying times of growing up seem to be behind us now. We have struggled and waited for this moment of decision for twelve years. Finally the reality of being truly on our own is upon us. We are young and have our freedom. We are eager to conquer all. The task, perhaps, seems immense and hard to swallow at times. We are told that we are ready to go forth with reason and peace. We will think of the world that lays before us. Remember to think of the times and the moments and thoughts that W.A.H.S. has left us with. For some it will be a relief, for others it will be sad to leave and for still others it's knowing that we will never pass this way again in our lives.

MAY THE CLASS OF 74 ENDURE FOREVER.

ELSE BREINES

This is the fifth year in which Windom and Sortland, Norway have had a student exchange. Thanks to the Friends of Foreign Students Club, who sponsors the program, we have the opportunity to acquaint ourselves with the Norwegian people and their way of life.

Eighteen year old Else Breines is our present Sortlander. Her actual home, located in a group of northern islands near Sortland, stands in Sigersjord. The village of Sigersjord, near a deep fiord, which glistens on a sunny day, constitutes one main road and several shops. There is no one shopping center, one simply "walks along until he finds the shop he wants."

Bright-eyed and smiling Else is away from home for the first time. She has traveled to two major neighboring cities, but she confesses that she hasn't even been to Norway's capital.

In spite of the fact that Else has been in Windom a long time and is beginning to be Americanized (her favorite American foods are hamburgers and corn), she still recall her family of two brothers, one sister, and her parents. Until an unfortunate illness, Mr. Breines was an engineer on board a boat which traverses the world's waterways. Her father has been to Africa, the Orient, America, "and all over the world." He attempted to bring his family a monkey, and later a turtle, for pets, but both times proved unsuccessful.

In Norway, Else attends a gymnas. When she was in 9th grade, she had to choose an area for a profession. From the divisions of social, language, business, mathematics, and science, she picked the latter.

Studies in the area of science involved much work which is more difficult than the homework of the ordinary Windom student. The subjects she must labor in are biology, chemistry, physics, oceanography, astronomy, math, and the like. Here in Windom, she followed her science field with our biology and chemistry classes, and added band, choir, social 12, and English 12.

A variety of interests encompasses Else's spare time. "Like everybody else, I watch sports on the T.V." she giggled. Since her arrival in Windom this summer, football have become a sport of her liking. "At first I didn't understand it, but then I went to the encyclopedia, and now I enjoy it. I also like basketball." Frequently she writes for the TATTLER. "Oh, yes, it's fun!" she exclaims, "It makes me more aware of home, and that's good."

Music is the one art that our Norwegian friend adores. Although Beethoven is her favorite composer, and she prefers classical, "all music is great!" Often Else strums her guitar and sings Norwegian folk songs.

This blond-haired, fair-skinned lady's favorite book is the Bible, and her philosophy is to be a real Christian.

Upon returning home, she must finish her last year at the gymnas. From there, the future will take her to a university where she plans to enter the medical field. Perhaps she will be a doctor, a veterinarian, or a dentist. At this time, it's all still undecided; first she must see if the medical schools will accept her. "It is very difficult to enter," a serious voice said, "Last year, 2,000 some students applied and only a few hundred were granted entrance."

This bundle of joy and excitement has been living in the Ken Anderson home on River Road. With a twinkle in her eye, and a smile that stretched from ear to ear, Else said, "I love my family here! I am so glad that I am staying here! They are perfect for me!"

RAYMOND VETSCH

Raymond Vetsch, the only child in his family, left Lady Silver Swan of Trespetite (a grey poodle) behind in the city of Aaran in northern Switzerland. Raymond is residing at the Howard Schwalbach home on 19th Street. He came over on a self-sponsored trip, but he suffered for that; he met with much turbulence during the flight and had to remain fastened in his chair by a seat belt for six of the eight hour plane ride.

Aaran, with a population of approximately 1,600, is famous for the roofs on the old houses and for its many flowers, trees, etc. Often it is referred to as the "Garden Town." In town, where Ray's family lives in their apartment, the buildings are close together. The reason for this is because, when they were built, enemies had to be kept out and with houses built together it was difficult for the invaders break through the walls of the city.

Back home, eighteen year old Raymond attends the Kantonschool, which is the equivalent of our colleges. Swiss schools are academically tougher; thus only the brilliant students finish all levels of education.

Raymond belongs to a 107 year old fraternity in the Kantonschool. One must pass an examination to be a member. The members pay dues which go towards paying for the room and library that the fraternity owns. The association is for boys only and they learn things such as fencing along with academics. One must work his way up to the top positions of authority, and a medal is awarded for each advancement. Basically, his fraternity is similar to American ones. In Switzerland though, there is much more fellowship between men and boys of ALL ages.

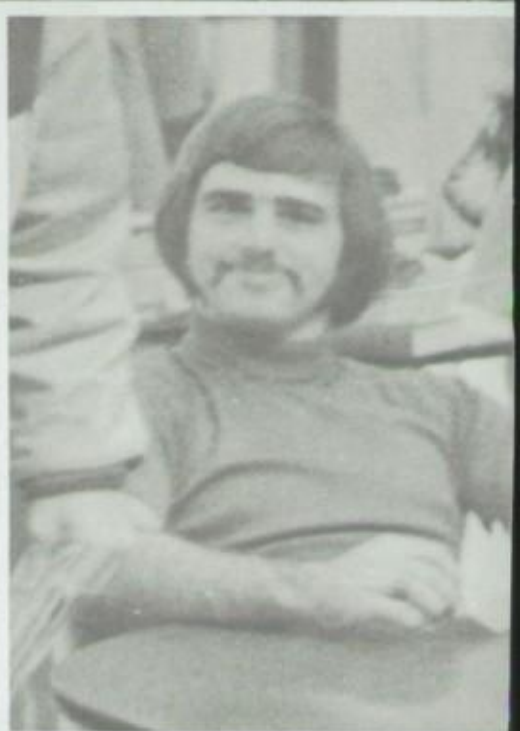

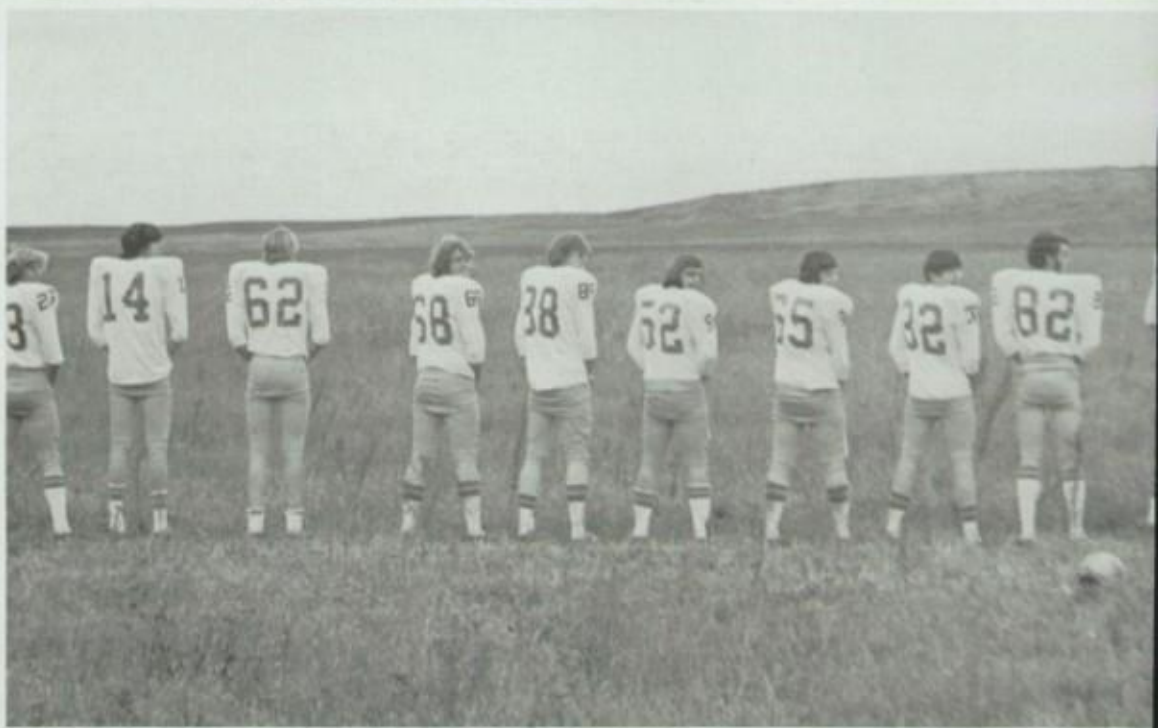

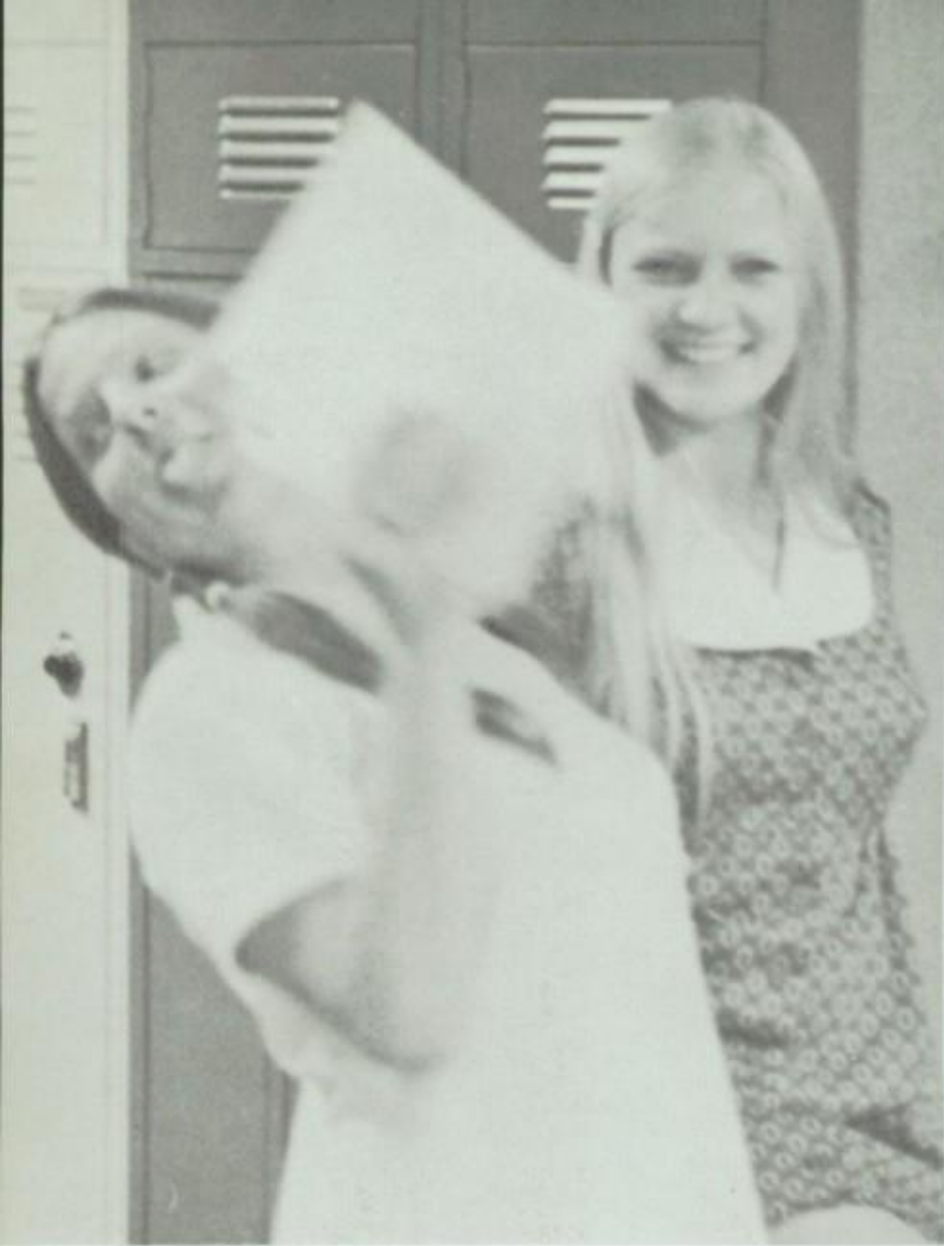

At WAHS he is studying in the areas of physics, chemistry, art (ceramics), English 12, and social 12. He also has two study halls to enable him to keep pace with his classmates across the ocean.

Our native of Switzerland enjoys athletic activities such as fencing, motorcycling, skiing, scuba diving, and sailing on his boat. (Fellow Swiss schoolmates have nicknamed him "Neptune" because of his sailing and scuba interests.) He also enjoys photography and playing chess.

This humorous and yet serious friend, being a clear thinker, has many ideas and philosophies on life. To simplify his elaborate explanations, he likes to do what is good for him, or what he wants to do, as long as he doesn't disturb anyone else in the process. Philosophically he states, "I need for my life, first a woman, then I need good and interesting work, then I need food, then hobbies, and last a car."

Neptune arrived in Windom on October 28th and must depart sometime towards the end of April. Back in his hometown, where the climate changes after an hour and a half of riding in the car, he will return to his school to finish the year. Hopefully, Ray will be able to follow his ambition by entering the medical or biochemistry field.

It has been a pleasure to share life in our school with foreigners. All the experiences are some of the best times in life, and Windom will certainly miss Raymond and the other exchange students.

THE JUNIOR CLASS

It has been
at the least
a very busy year.

Making change at the concession stand
and selling hot coffee at football games.

And there were moments

occasionally
that glorious climaxes were achieved

That unending speech in the play finally memorized,
the perfect mix of colors on the sets,
that tricky chromatic scale done without error.

The new experiences
which at times
made us fee quite faint.

The big mistakes,
Facing an auditorium filled with people
Breaking the most valuable prop in the play,
Trying a Jersey accent
Singing a solo.

Reaching out

caustiously, yet
to hastily.

With each day,
each new daring act
each blunder
each success

The Junior class takes another step

forward,
Tomorrow is just ahead.

JUNIOR CLASS PLAY

Don't Drink the Water, a hilarious comedy by Woody Allen, was presented by this year's Junior Class. The entire play was carried off beautifully by the cast. The story dealt with the escapades of the Hollander family, who on their vacation in a foreign country are chased by Communist police who think they are spys. They seek refuge in an United States Embassy and the excitement takes a twist from there. The cast was composed of the following:

Father Drobney, the tricky priest	Mark Schmalz
Ambassador Magee, the aspiring politician	Dean Bennett
Kilroy, the bright-eyed assistant.	<u>Ruth Wojahn</u>
Axel Magee, the failure	Bruce Byers
Marion Hollander, the dingbat	Carol Riebe
Walter Hollander, the cursed caterer	Jim Douglas
<u>Susan Hollander, the almost-married often</u>	<u>Kathy Molitor</u>
Krojack, The Communist policeperson	Roxanne Gengler
Novotny, the sassy shadow	Russ Vogel
Burns, the harried assistant's assistant	Ruth Horkey
Chef, the kooky cook	Roger Gregg
Sultan of Bashir, the oil magnet	Bruce Abild
Shalimar Shimmy, the Sultan's first wife	<u>Sue Fillbrandt</u>
Yanis Kasnar, the man of the world	Mike Ponstein
<u>Wilhamena, the countess Bordoni</u>	<u>Caren Hohenstein</u>

The cast wasn't the only group left with many memories. Those dedicated backstage people also had unforgettable experiences: the light committee that couldn't quite black-out, the make-up committee that ended up with most of the make-up on themselves, not on cast members, the prop committee that had to explain the broken vase to the owner, the sound committee who couldn't get the tape and cues together and the set people who spent their time cutting the gym floor, spilling paint and "gooping."

Mrs. Hoffmeister the director, Mr. Johnson and Mr. Marth the faculty assistants, Sue Zinck and Mike Ponstein the student directors, as well as everyone else involved, deserve a big hand for a very successful production.

THE SOPHOMORE CLASS

The future class of 1976 is a very industrious and happy group of youngsters. This year, almost everyone was involved in extracurricular activities. Some of us even made great contributions to our community and school. Examples of this are our great debaters, our wonderful B-squad basketball team and our great scholars. We Sophomores are looking forward to two more years of hardwork and fun WAHS.

THE FRESHMEN CLASS

Freshman Dedication

By now the freshmen are used to the big-time life of Windom High. They have their little noses in everything from walking on the wrong side of the halls to being pushed out of the lunch lines. They've got 3 years to prove themselves, let's hope they do it.
Three cheers for the Class of '77!!

EAGLE STAFF

The work of the Eagle Staff never seemed to end. If we weren't running around flashing cameras, we were in the Student Activity Room, biting our fingernails, hoping and praying we'd make the deadlines.

I would like to Sincerely thank the members of the Eagle Staff, who helped in typing, writing, and picture taking. I would also like to thank the teachers and staff for allowing us to wander in the halls while taking pictures. I would like especially to thank Mr. Rhoda, who helped a great, great deal in the making of this annual. My special thanks go to the Camera Club who always had the pictures when we needed them.

TATLER STAFF

This year's Tatler staff attempted to capture the ideas, spirit, and humor of the student body and combine them with just the right amount of seasoning to produce our school's monthly newspaper.

The editors, reporters, photographers, and typists worked to cover the activities and happenings of the year with a bit of character and a touch of imagination.

None of this would have been possible, however, without the guidance of our advisor Mr. Lindaman and the great help we received from Gerrie Anderson and the Citizen.

Through all our endeavors we managed to uphold the Tatler image of a fine school newspaper.

SPEECH CLUB

Once a month, the lovers of drama, debate and public speaking, all gather together in Mr. Lindaman's room in search of the finer aspects of speech. This group is called the Speech Club and is advised by the dynamic duo, Mr. Lindaman and Mr. Johnson.

Not only do Speech Club members try to out talk each other, but they also try to express their so-called talents to the student body through the annual variety show, Christmas plays and parties. The Speech Club also sponsors the Winnie Award Banquet when nominees for best actor, best actress, best supporting roles and best technical achievement are announced.

Another highlight in the Speech Club year is the declam season in which Windom again made a fine showing. Windom sponsored their annual declam festival and the Speech Club was involved in making it a success.

After another exhausting year in pursuit of greater appreciation of drama and declam and development of self-confidence through speech, Speech Club may be deemed significantly beneficial.

CANDYSTRIPEERS

This year, Seniors were recognized through a capping and pinning ceremony, for the first time ever.

DEBATE

Debate is certainly an experience for anyone, whether he be a participator or an observer. It enlightens the mind as well as exercises the vocal cords.

The topic for this year's debaters states: It is resolved that the federal government should provide employment for all employable U. S. citizens living in poverty.

Two of WAHS' finest debaters wrote a short, but direct, view of what debate is really like.

Realize first, debate should be significantly advantageous to your mental well-being. It has been argued, however, that due to the red tape of our burgeoning bureaucracy this had become a politically and ideologically unacceptable pipe dream. Studies show that this detrimental burden leads to delinquency and deviance.

Realize second, due to vigorous manifestations of the status quo, Fearless Leader, Douglas I. Johnson, and his sidekick, Andrew L. Drake, have been deemed unresponsive to the confused masses. Repeatedly, Fearless Leader, previously qualified, advised us to set our priorities--even at the cost of freedom.

Conclude then this: the affect of debate on our mental capacities is not infinitesimal.

In summary, debate is unique!!!!

S.A.E.

SAE officially went into full swing this year as Students in Action for Education.

Through our activities we tried to fulfill our goals and purposes, which are:
service to education, explore career opportunities and involvement in education.

In service to education, we promoted American Education Week and worked as guides for parents night and parent-teacher conferences. As a community service, we started a pop can recycling project and invited the other organizations to help.

Our field trip to the Worthington TAC Center and the Rushmore elementary school not only enriched our education but helped us explore career opportunities.

Like any organization we developed fellowship, with a party and a final banquet.

G.A.A.

The Girls Athletic Association, under the direction of Hildegard Bunge, is helping girls build strong muscles. The purpose of this organization is to let girls get more involved in sports and help develop them athletically. With the stern leadership of Deb Block, president, GAA is achieving their goal. So far the group has sponsored volleyball and bowling. The girls are also involved in basketball and gymnastics. GAA members even rate their parties as lots of fun. As the year draws to a close, it appears that GAA has had another successful season.

The main goal for the club this year is to pay for the universal gym weight machine. This has involved the group in selling concessions at baseball games and wrestling meets. They also ran a batting cage and booth at the county fair and they have also been selling "W" t-shirts.

SCHOOL LIFE

FALL HOMECOMING

Fall Homecoming! Another successful week of celebration for WAHS, was highlighted by coronation on Friday, when Cindy Soleta was crowned queen and Barry Amundson was crowned king. Their attendants were Cindy Holstad, Sonja Sweigard, Jenny Pace, Lori Wiese, Jan Johnson, Travis Finstad, Jim Bolin, and Bruce Eastlund.

New and traditional activities filled the action-packed week. Eagle Appreciation Day (where the student body showed athletes and cheerleaders how much they supported them) and Yellow Ribbon Day (for once the boys had to do all the talking trying to get the girls to talk thus giving up their ribbons) were the new activities this year.

The Powder Puff game was again included. This year the Bobby Sox Babies were coached by Mr. Rhoda and Mrs. Campbell. And the Sweat Sox Sweeties were under the leadership of Mr. Drake and Miss Pavcek. After a long battle the Babies came out ahead 9-6.

After the football game against Luverne, Friday night, a dance was held in the commons. "Skogie" was the band and all agreed it had been a great week!

WINTER HOMECOMING

The 1974 Winter Homecoming was again a success. This year's king and queen were Lynn Madson and Marlow Jurgens. The members of their court were: Terry Giese, Linda St. John, Deb Bloch, Linda Fossing, Jeff Galle, Ron Lillegaard, Tony Thompson, and Alan Larson.

This year there were a few new things; an Uglies Contest, a Beard Contest, and a Legs Contest for the boys. There was also the traditional basketball game between the teachers and the seniors. The teachers had a one game winning streak going and at the end of the game they had added another game to that record.

At the Varsity and B-squad basketball games the fans had a thrill. The B-squad managed to hold onto a one point lead and defeat the Worthington team. The varsity was edged out of their win in an overtime with Worthington.

The dance was sponsored by the Student Council and the group this year was the Robert Moore group from the Twin Cities.

All in all it was a wonderful week for everyone and one they would never want to miss.

ONE ACT PLAY

Contrary to numerous rumors, the 1974 One Act Play, written by Harvey Richardson and William Barney entitled "Dark of the Moon", is not a devil possessed play which uses witchcraft and sorcery to control the lives of cast, crew, or viewers.

Rather, it is a fairy tale type play from which many themes could be extracted if one sits and listens closely with an open mind. One theme involves the philosophy that you cannot be what you are not. Another illustrates the fact of life that many people who are ignorant are very gullable.

The play opens with a mountain scene. John, Witch Boy, loves Barbara Allen, a human, and wishes to marry her. After the refusal by Conjur Man, John pleads with Conjur Woman to change him into a human. She agrees on the condition that Barbara remain faithful for one year.

Down in the valley Barbara and John settle down, and have a baby which the midwife, Mrs. Sumney, has burned because of her fear that John is a witch.

Meanwhile, back on the mountain, the two witch gals bet with Conjur Man that Barbara will be unfaithful and John will soon be a witch. If the witch gals lose, they promise to give up Witch Boy. Confident that John will be true to his word, Conjur Man agrees to forfeit the life of Barbara Allen if he loses.

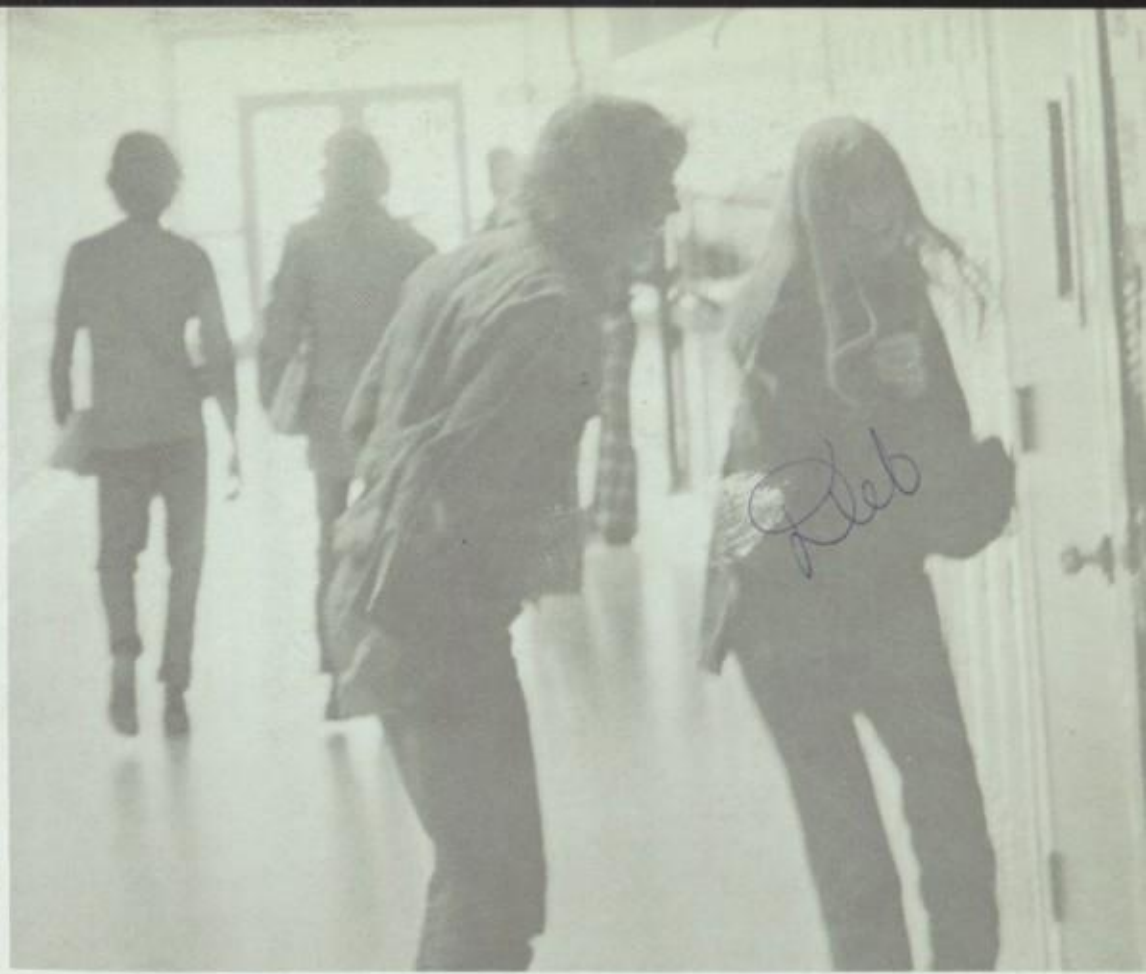

Unfortunately, the villagers feel Barbara has been witched by John and gleefully, the witch gals watch this act of unfaithfulness. Piercing screams of Barbara are heard, and John cries mournfully.

Unknowing of the witch gals bargain for Barbara's life, John requests another chance at being human from Conjur Woman. Barbara appears at the mountain scene just as Conjur Woman, petting her snake, leaves John with the sad news of death.

Tenderly John tells Barbara that she will die when the moon breaks through the clouds. Barbara wants to escape their fate, but John realizes that he cannot be human. As John holds his dear wife in his arms the moon appears, Barbara dies, and John is zapped into a witch. As he leaves with the witch gals, who have come for him, he spies the dead body. Quizically he runs his fingers through Barbara's hair, kicks her, and flees to that life to which he belongs.

The fine cast is composed of Russ Vogel; John Witch Boy, Jenny Pace; Barbara Allen, Bruce Byers; Conjur Man, Carol Reibe; Conjur Woman, Heide and Kate Schneider; Dark and Fair Witch, Mark Shmaltz; Preacher Haggler, Sue Zinck; Mrs. Sumney, and Koral Miller; Mrs. Allen. Chris Zunkel produced lighting effects, Stuart Reid provided sound effects, and Cick Bartel assisted as the all around handy man. Settings were invented by Mr. Johnson and Mr. Marth. Barb Hoffmeister and Jane Twait assisted Mrs. Campbell in directing and created costumes and make-up.

"Dark of the Moon" was the District Seven sinner and advanced to A ratings from the three judges at Region Contests. These high ratings, based on the fabulous efforts of all concerned and the support from parents, friends, and faculty, earned us the position of alternate to the State contests.

AL LARSON---MOST VALUABLE BASEBALL PLAYER

AWARDS AND SENIOR CLASS PLAY

The Windom Area High School senior class brought to stage, May 10 and 11, a Mollier Comedy, entitled "The Imaginary Invalid".

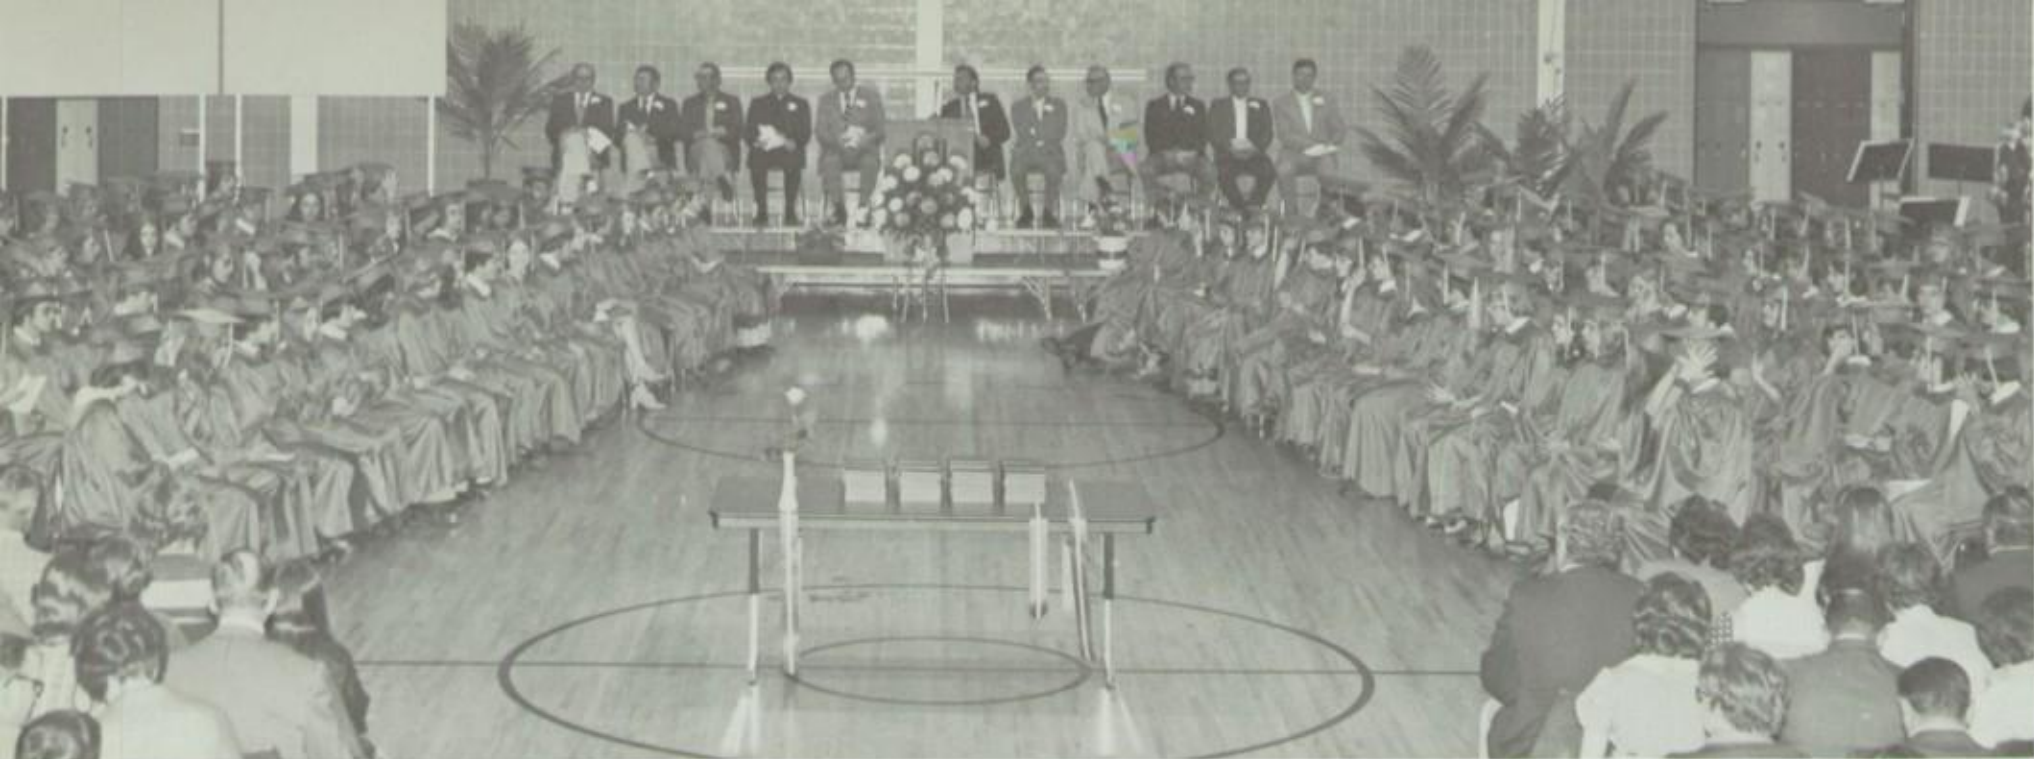

The play, directed by Mrs. Hoffmeister, was performed in the Middle School auditorium, before near capacity crowds.

Starring roles in the play were handled by John Erpestad, as a hypochondriac, Barb Hoffmeister, as the sharp-tongued nurse, Jane Twait, the beautiful daughter, and Karen Hartberg, the scheming wife.

Other cast members were Deb Bloch, Travis Finstad, Dick Bartelt, Greg Crow, Kris Lindvall, Jeff Galle, Becky Aamot, and Alan Larson.

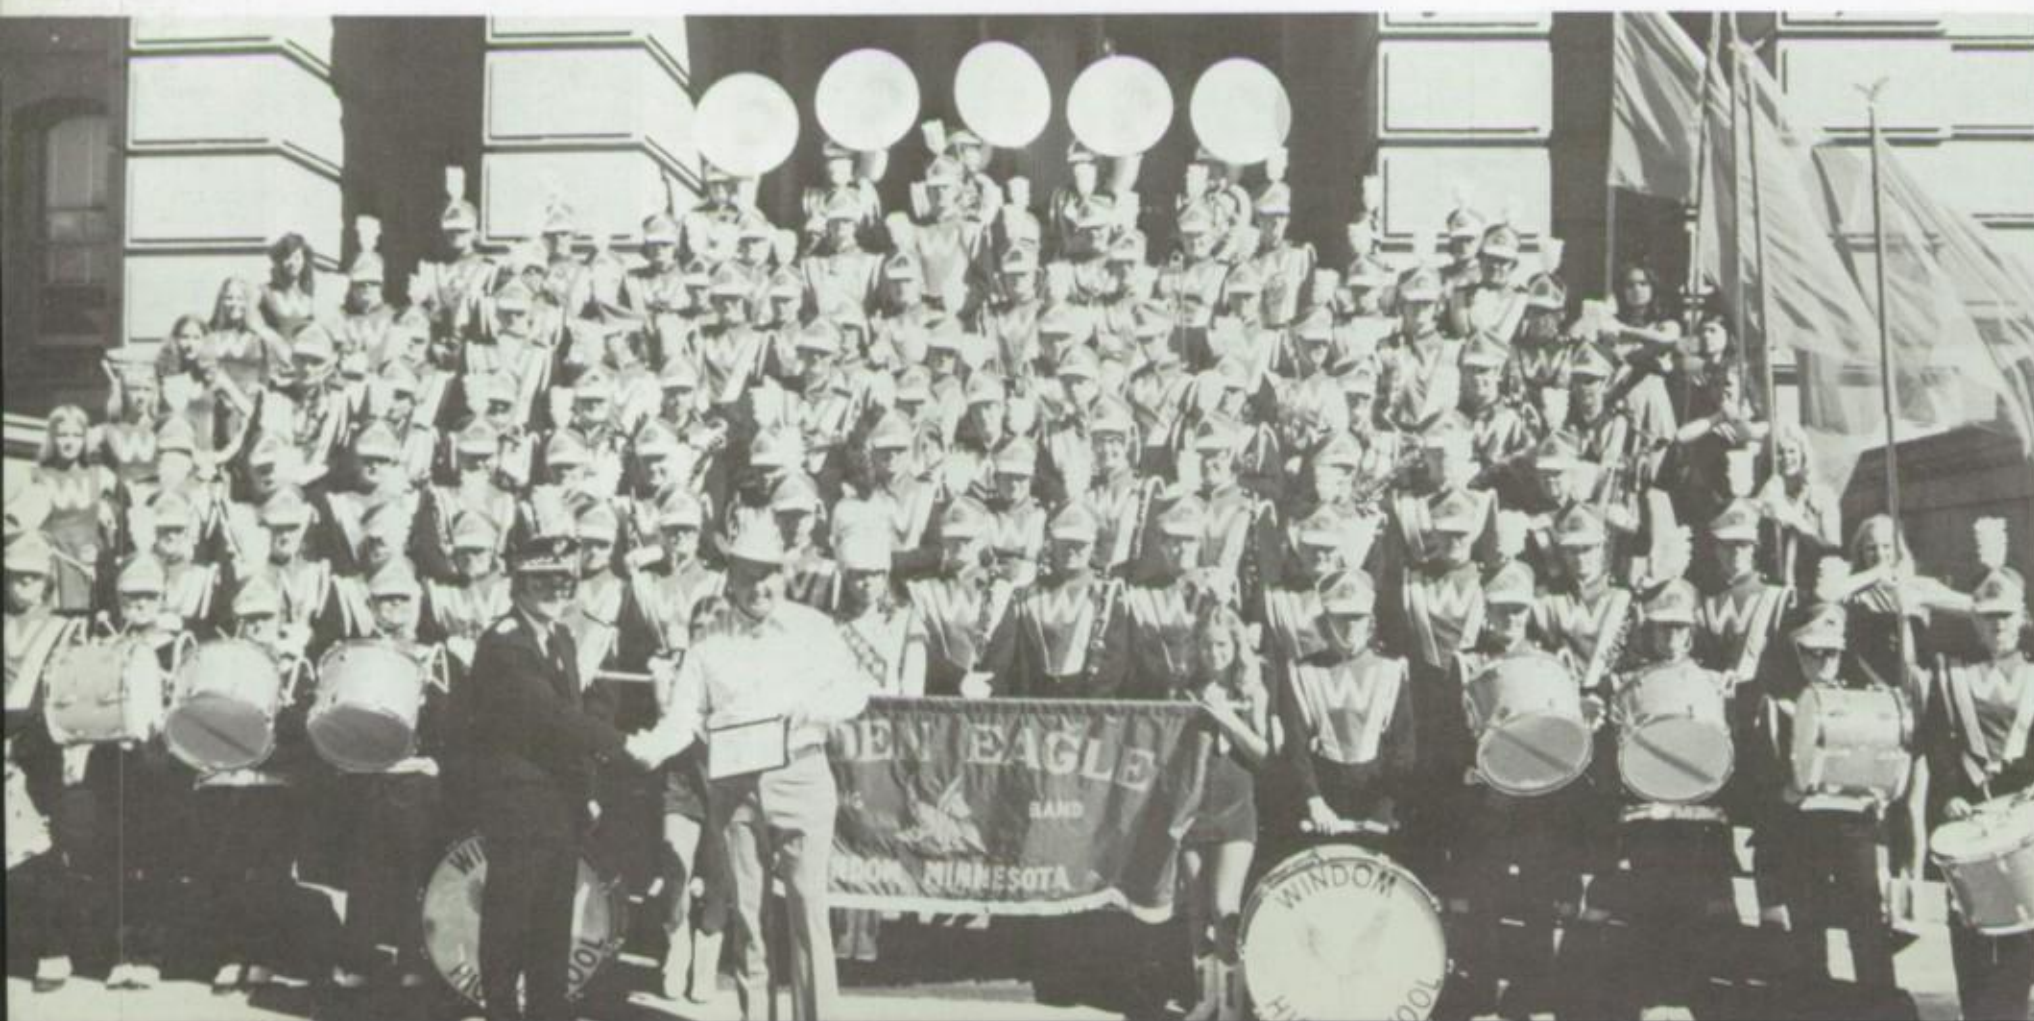

One of the real crowd pleasers was Deb Bloch's portrayal of Monsieur Bonnefrog, the lawyer, who plays "due respect to the law" then proceeds to go around it, over it, and under it.

Greg Crow delighted the crowd, also, with his droll characterization of the slow-witted doctor's son.

 really fun. Keep smiling and
 laughing and you'll make it.

Don't forget
 girls like
 and Mr.
 Foley. Good
 luck in the
 future and
 be good this
 summer.

Nancy,

Remember all the fun

times we didn't have. No,
just kidding. Really have
a lot of fun knowing you.

Never forget all the times
on the bus. (HA! HA!) Have
fun at prom and we will
see you. ~~to~~ Take it easy this

summer or anyway you can
get it.

We have had some good times in all
we have both been involved in this year.
The biggest thing is of course cheerleading
and all of those highlights. All of the
practices which we had in the summer,
pretty hot stuff! Our first game, the flowers
the team gave us and stupid me lost mine.
Going out to eat, then blowing your lunch.
And just the goofy pictures we took
and everything else!

Please, Nancy I want you to
forget shorthand and what a pain
in the you know what it was. Let's
just bury that stupid class underneath
all of the dynamite memories of eating
at our table. Maybe we should take
that table & divide it up into 8
pieces to put in our scrap book
for our Junior Year! Be good & decent
during the summer.

Don't forget all the
trouble we were really
in in that class!
Remember all the con-
fetti and confetti we
have had, dynamite!
Take it easy this
summer. I love
you.

See ya lots,
Dawn

Never forget your love
from the heart of a girl
all the love it's all for
you. I love you, best friend.
I hope you all have a good
time. I hope you all have
a good time. I hope you
all have a good time.

Nancy -

Nancy,

Remember this. I see a man
toley - the day you argued
with toley about Dee
Youngworth - good going.
Be good - hope to see you
this summer - Best of
luck - especially with Bruce
Love ya,
Connie.

Love, so much for a great year -
now only one year left! Thinking
back it appears the happy times
were more abundant than the sad.
Don't forget our divided lunch and the
clap of eating twice or dining, all of our
conversations and our laughs. I hope
my car can make it through the
summer and next year. (ha, ha!) Have
fun with Bruce and really try to
leave it up to the summer, day.
